Bill AB-468 Chesbro (Stone, Alejo, Levine) AB-515 Dickinson	Support/ Oppose WATCH WATCH	Jun 5, 2014	Title Nonindustrial timber management plans: forest landowners> Medi-Cal: delivery system reform incentive pool payments. Environmental quality: California Environmental Quality Act: writ of mandate	Intent placeholder; 6/16 GUT AND AMEND - no longer a forestry bill amended to address writ of mandate rules for public agencies that violate CEQA requirements. (original language establishing environmental courts has been deleted)	Analysis this bill was gutted and amended into a placeholder and has made it through the Assembly and currently resides in the Senate. It doesn't say anything yet, just lurks there, waiting for who knows what to kick into action. Main point to consider is that it's now a Chesbro bill with Stone as a principal coauthor, and Stone is owned by the Sierra Club; 6/16 no longer a forestry bill This law may affect the agencies forest landowners deal with, but not the landowners themselves	CommitteeHearing DateSenate Natural Resources and WaterImage: CommitteeSenate Environmental QualityImage: Committee	 1/13/14 a placeholder bill; 6/3 Set, first hearing. Hearing canceled at the request of author.; 6/16 amended 1/6/14; amended; passed Judiciary 1/13/14; amended 3/17; 5/15 hearing set; 5/21 hearing postponed; 6/5 	timber, forest
AB-896 Eggman AB-1331 Rendon	WATCH		Wildlife management areas: mosquito abatement	provide for mosquito control/abatement while enhancing wildlife habitat (latest amendment employs BMPs to achieve the goal); 3/11 reporting added to better characterize mosquito loads in wildlife habitat and mosquito control districts that may have population exchanges to enable adjusting treatments if necessary. the goal is reduced chemical controls 1/7/14 amended to remove "climate change response" from a clean and safe drinking water bond act. the total bonds has been reduced to \$6,500,00,00. There is a lot of emphasis put on ecosystem enhancement over building water infrastructure. (11+ billion dollar water bond - could involve takings or water use limits): 2/5 amendment	off - 3/11/14 the bill is becoming a reasonably nuanced approach to wildlife and control district interactions Our interest will be in possible opportunities or penalties that affect our streamside environment management and ground water management. No doubt we will be involved in watershed projects See Chapter 6 of the text for	Senate Appropriations Jun 23, 2014 Senate Governance and Finance	amended; 6/15 hearing canceled at request of author read first time 2/25/13; 4/4 hearing set; 4/30 passed Water, Parks and Wildlife and sent to Appropriations with recommendation to consent calendar; 5/24 hearing canceled at request of author; amended 1/8/14; 3/11/14 amended; 5/21 hearing set; 6/10 passed Natural Resources and Water, sent to Appropriations read first time 2/25/13; 4/3 amended; 4/23 amended; 4/30 passed Water, Parks and Wildlife, send to Appropriations; 5/21 amended; 5/24 passed Appropriations; 5/29 passed	
<u>AB-1457</u> Skinner	WATCH	May 29, 2014	Budget Act of 2014	involve takings or water use limits); 3/5 amendment increases total bonds to \$8,000,000,000, some efficiencies introduced into reporting requirements, many "shall"s have been softened to "will"s; \$2 billion allocated for "climate change and water security"; 4/8 amendment added more "green" frou-frou text and specified water conservancies for funds instead of more general regional areas; 4/21 amended - minor tweaks; 5/8 amended - more manipulations of what's allowable, nothing affects forestry at this time the proposed breakout of the state budget; 5/27 Amended	•	Assembly Budget	Assembly, sent to Senate; assigned to Natural Resources and Water and Environmental Quality; 1/7/14 completely gutted and amended; 3/5/14 amended; 3/24 analysis posted; 3/25 passed Natural Resources and Water, sent to Environmental Quality; 4/21 amended; 5/8 amended; 5/7 passed Environmental Quality; 5/15 sent to Governance and Finance; 6/9 hearing postponed 1/10/14 from printer; 5/19 sent to Budget committee; 5/27 amended	<pre>forest, forestry, timber, fire, water, wildlife,</pre>
AB-1630 Alejo (Monning, Stone)	WATCH	Jun 5, 2014	Water quality: integrated plans: Salinas Valley	for disadvantaged communities of Salinas valley; 5/27 amendment reduced appropriation from \$2,000,000 to \$500,000	Alejo, Monning and Stone all involved	Senate Environmental Quality	2/11/14 from printer; 2/20 sent to Assembly Environmental Safety and Toxic Materials; 3/25 passed AES&TM, sent to Assembly Appropriations; 4/9 sent to suspense file; 5/27 amended and passed Appropriations; 5/29 passed Assembly, sent to Senate; sent to Environmental Quality	<pre>endangered , environmen t, environmen tal, greenhouse , fish water, environmen</pre>
AB-1686 Medina AB-1707 Wilk	SUPPORT	May 14, 2014 Jun 5, 2014	Water Quality: scientific peer review	2/13/14 introduced, placeholder 2/13/14 introduced, placeholder; 3/28 this just morphed into a bill that add TMDL to a list of things that requires an external scientific peer review before being enacted; 5/1 amendment requires the peer review studies to be posted on the internet.; 6/5 amendment applies posting peer reviewed studies for proposed rules			 2/14/14 from printer; 2/20 sent to Assembly Public Safety; 3/22 CCFA letter sent; 3/25 passed Public Safety; 4/1 sent to Senate; 4/10 sent to Senate Public Safety; 5/13 passed Public Safety 2/13/14 introduced; 3/28 amended, sent to Environmental Safety and Toxic Materials; 5/1 amended and passed Environmental Safety and Toxic Materials, sent to Appropriations; passed Appropriations; passed Appropriations, sent to Assembly consent calendar; 5/23 passed Assembly, sent to Senate; 6/5 sent to Environmental Quality, 	<pre>water, environmen t forestry, water,</pre>

AB-1739 Dickinson (Rendon) AB-1763 Perea	WATCH	May 29, 2014	Groundwater basin management: sustainability State energy plan for 2030 and 2050	water management plan; 4/22 amended - the bill now has some meat, lots of intent language has been added - the thrust is development of sustainable groundwater management plans	Operational details are less specified.	Senate Natural Resources and WaterJun 24, 2014Senate Energy, Utilities and CommunicationJun 17, 2014	passed Assembly, sent to Senate; 5/8 assigned to Governmental Organization and Environmental Quality; 6/10 passed Governmental Organizations, sent to Environmental Quality with recommend consent calendar 2/18/14 from printer; 2/27 sent to Water, Parks and Wildlife; 4/22 amended; 4/29 passed Water, Parks and Wildlife, sent to Appropriations; 5/23 passed Appropriations; 5/28 passed floor, sent to Senate 2/18/14 from printer; 3/28 amended, sent to Utilities &Commerce and Natural Resources; 4/2 gut and amend to state energy plan; passed Utilities and Commerce, sent to Natural Resources; 5/1 passed Natural Resources, sent to Appropriations; 5/5 amended; 5/14 passed Appropriations; 5/19 passed Assembly, sent to Senate; 5/28 assigned to Energy, Utilities and	water, environmen t
	WATCH SUPPORT if modified		Land use: mitigation lands	break for government on mitigation lands extends the defensible space perimeter that does not require a permit from 150' to 300'. allows landowner to sell the timber that is cut and removed. "The harvesting of trees, limited to those trees that eliminate the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns, for the purpose of reducing the rate of fire spread, duration and intensity, fuel ignitability, or ignition of tree crowns"	shaded fuel breaks. We heartily approve of the concept. We have questions about the affordability of requiring an RPF, the cost of preparing stand structure documentation for small projects (say, less than 40 acres). retention stocking standards for young stands seem excessively dense. is an archeology site best served by all these regulatory contortions that may dissuade a landowner from reducing the fire hazard of the site? stump diameters at the height of 8" are a poor measure of the original tree, since this is below the area where the flare for the roots begins. the complexity of the regulations specifying what can be done are daunting - is	under submission Senate Natural Resources and	COmmunication and Environmental Quality 2/18/14 to print; 2/27 sent to Local Government; 4/3 passed Local Government and sent to Water, Parks and Wildlife; 4/30 amended and passed Water, Parks and Wildlife, sent to Assembly floor 2/20 from printer; sent to Natural Resources; 4/21 passed Natural Resources as amended, sent to Assembly floor; 4/22 amended; 4/30 passed Appropriations, sent to Assembly; 5/23 passed Assembly, sent to Senate; 6/5 sent to Natural Resources and Water	<pre>water, wildlife, endangered , fish forest, forestry, timber, fire, wildlife</pre>
AB-1905 » Alejo	SUPPORT		Water rights: appropriation: small domestic, small irrigation, and livestock stockpond use	regulation of small water diversions	anyone really going to want to wade through all this? how much will compliance cost? (poor spacing specified to achieve old growth characteristics in redwood regions) - Much of the residual requirements come from the original La Malfa exemption, which had the Sierra pine forests in mind. They still are not suitable for redwood forests. ponds for fire protection, ask for no water usage limits for fire and prescribed burns	Senate Natural Resources and Water	2/20 from printer; 3/3 sent to Water, Parks and Wildlife; 4/3 passed Water, Parks and Wildlife, sent to Appropriations with recommend consent calendar; 4/30 passed Appropriations, send to Assembly consent calendar; 5/8 passed Assembly, sent to	fire, wildlife, fish
AB-1961 » Eggman (Sen Wolk)AB-1970 » GordonAB-2031 » Dahle	SUPPORT ?	May 23, 2014	Land use: planning: Sustainable Farmland Strategy California Global Warming Solutions Act of 2006: Community Investment and Innovation Program	protects timber; 4/21 amended - simplified, many special provisions removed Program allows funding for projects to: "(10) Prevent conversion of agricultural, forest , and open space lands to uses that result in higher greenhouse gas emissions."; 4/10 amendment strikes the environmental justice feature tweaks AB 1492 to align it more closely with existing sales tax laws; 4/21 amendment removes original	communities to prevent local conversion	Appropriations - under submission Assembly Appropriations - under submission	passed Assembly, sent to Senate 2/20 from printer; 3/3/14 sent to Local Government and Agriculture; 3/25 amended; 4/3 passed Local Government with amendments, sent to Agriculture; passed Agriculture, sent to Appropriations; 4/22 amended 2/20 from printer; sent to Natural Resources and Local Government; 4/10 amended, passed Natural Resources, sent to Local Gvernment; 4/23 passed Local Government, sent to Appropriations 2/21 from printer; 3/3 sent to Revenue and Taxation; 4/21 amended and returned to	greenhouse forest, greenhouse
	SUPPORT	Jun 10, 2014	Fire prevention fees: state responsibility areas	provisions and declares exempt any vendor selling less that \$5000 in wood products annually; 5/6 amendment bumps the limit to \$25,000 and adde the provision " <i>The bill would require an excluded</i> <i>retailer to provide a notice to the purchaser of</i> <i>the purchaser's obligation to remit the</i> <i>assessment to the State Board of</i> <i>Equalization.</i> " changes "structure" to "habitable structure". fee is	unenforceable makes "fee" rules better, but does not address the "it's an illegal tax" issue		Revenue and Taxation; passed Revenue and Taxation, sent to Appropriations; 5/6 amended; 5/14 passed Appropriations; 5/19 sent to Senate; sent to Natural Resources and Water 2/21 from printer; 3/3 sent to	
Quirk	NEUTRAL	Jun 16, 2014	California Global Warming Solutions Act of 2006: scoping plan: advisory panel Forest practices: resource conservation standards: stocking standards	creates yet another advisory committee; 4/21 amended, the new focus is on cost analysis of carbon footprint reduction strategies; 6/10 amended "Existing law establishes minimum acceptable stocking standards and provides that an area covered by a timber harvesting plan is considered acceptably stocked if certain conditions are met within 5 years after completion of timber operations, including that the area contains an average point count of 300 per acre, as provided. Existing law requires the board to adopt stocking standards for each district, after a public hearing, that are equal to or stricter than the minimum standards. This bill would delete that requirement and instead authorize the board to adopt alternative stocking standards if those alternative standards are necessary to address variables in forest	over generating strategies with no mind to the costs no details yet - looks too generic to be the actual law. feels like a placeholder. I expect the intent is to allow such things as the removal of encroaching Douglas fir to restore oak woodlands and other similar projects that hold back successional transitions in threatened landscape types.	Environmental Quality Senate Appropriations		carbon, greenhouse forest, forestry, timber, fire
<u>AB-2112 »</u> Dahle, Chesbro	SUPPORT	Jun 10, 2014	Forestry: timber operations	necessary to address variables in forest characteristics, as provided."; 6/16 reworded to: "Notwithstanding <i>Section 4561.1 or</i> the resource conservation standards-in <i>subdivision (a) of</i> Section 4561, the board may adopt alternative stocking standards- <i>that</i> meet the purposes of Section 4561 if those alternative standards <i>reasonably</i> address the variables in forest characteristics <i>and achieve</i> <i>suitable resource conservation</i> ." Existing law requires the notice of extension to be provided to the department not sooner than 30 days, but at least 10 days, prior to the expiration of the plan. This bill would instead require the notice of extension to be provided to the department not sooner than 140 days, but at least 10 days, prior to the expiration of the plan and would make a conforming change.	widens the window within which one may file a notice of extension to an existing THP. This should be a noncontroversial addition to the flexibility of landowner permit management.	Senate Appropriations	Natural Resources, sent to Appropriations with recommend consent calendar; 4/30 passed Appropriations, sent to Assembly Consent Calendar; 5/8 passed Assembly, sent to Senate; 6/10 passed Natural Resources and Water, sent to	forestry, timber,
	NT SUPPORT with		State forests: sale of timber Timber and engineered wood products assessment:	manufacturers who have mixed state/federal logs, which must be processed locally, with logs bought from private landowners which may be exported before processing. The way this is prevented is to require manufacturers to only process their logs locally for at least 2 years to ensure they don't export and that they can't mix reserved logs in with their more recent purchases. allows use of 1492 funds to remediate former pot	in practice. The only real local market for Douglas Fir is unprocessed logs taken to the Port of Oakland for export to China. We would love to make sure our local mills get wood to process, but are our buyers going to be prohibited from buying Soquel forest redwood if they send our Douglas fir to China? we would prefer the funds be used strictly for overcoming regulatory burdens, and	Resources and Water Senate Natural Resources and Jun 24, 2014	Resources and Water, sent to Appropriations with recommend consent calendar 2/21 from printer; 3/6 sent to Natural Resources; passed Natural Resources, sent to Appropriations; 4/30 passed Appropriations, sent to Assembly consent calendar; passed Assembly, sent to Senate	<pre>forest, timber, lumber</pre>
AB-2193 » Gordon	reservation s OPPOSE UNLESS MODIFIED		forest restoration grants Habitat Restoration and Enhancement Act	creates a fund for habitat restoration projects; 4/3 amendment lays out requirements to apply.	 when that is accomplished, the tax become reduced. But that horse has already left the stable, so adding rehabilitating forests that were blasted by marijuana growers to the approved list of AB 1492 fund projects is OK, as long as it doesn't eat the funds the tax was originally intended for. expedited/streamlined permitting for small habitat restoration projects. possible money for landowners for voluntary mitigations. There is a major missing piece - the landowner has no safe harbor included This seems like overkill. seriously, a 	Water Senate Natural Resources and Water Senate Natural Jun 24, 2014	Natural Resources, sent to Appropriations with recommend consent calendar; 4/30 passed Appropriations; 5/5 passed Assembly, sent to Senate; 5/15 sent to Natural Resources and Water; hearing rescheduled to 6/24 2/20 from printer; 3/6 sent to Water, Parks and Wildlife; 4/8 passed Water Parks and Wildlife, sent to Appropriations; 5/23 amended and passed Appropriations; 5/28 passed Assembly, sent to Senate; 6/11 sent to Natural Resources and Water 2/21 from printer; 3/6 sent to	<pre>timber, lumber, fire, fish, greenhouse salmonid, salmon, wildlife, endangered , fish forest,</pre>
Chesbro			management plans: change of ownership	This bill would require, upon change of ownership of land described in either a working forest management plan or a nonindustrial timber management plan, the transferring landowner to send the department a copy of the notice provided to the acquiring landowner. The bill would require the department to provide the acquiring landowner with the notice if the transferring landowner fails to provide it and the department discovers the change of ownership. The bill would give the acquiring landowner one year from the date of the receipt of either notice to notify the department of his or her intent to assume the plan. The bill would authorize the department to cancel the plan if no notice is	private property - the landowner can CHOOSE whether or not to sell.; 4/21 - the legislative digest mentions the "crime" but the law as written does not. This changes the law into a simple bureaucratic dance about notifying new owners of the existence of an NTMP attached to a forest property; 4/22 we have no more objections	Resources and Water	Natural Resources; 4/21 passed Natural Resources, sent to Appropriations; 4/22 amended; 4/30 passed Appropriations, sent to Assembly consent calendar ; 5/8 passed Assembly, sent to Senate	forestry, timber, fire
AB-2348 » Stone	WATCH	May 23, 2014	Natural Resources Climate Improvement Program	received within this period.; 4/22 amendment specifically states that a violation by the landowner does not constitute a crime This bill would establish the Natural Resources Climate Improvement Program, which would be administered by the state board, in coordination with the Natural Resources Agency, to assist in the development and implementation of highly-leveraged, regionally integrated natural resources projects that maximize greenhouse gas emissions reductions or sequestration. This bill would authorize moneys from the Greenhouse Gas Reduction Fund to be available, upon appropriation by the Legislature, to the state board to implement the Natural Resources Climate Improvement Program. (4) Fund investments in projects that use natural systems, including, but not limited to, forest s, wetlands, sustainable agriculture, and urban forest s, to reduce greenhouse gas	Stone's bill - very big on carbon sequestration, funds probably not for working forests -	Assembly Appropriations - under submission	2/21 introduced - to print; 3/10 sent to Natural Resources; 4/7 passed Natural Resources, sent to Appropriations
